

Imagine Schools Tax Credit Letter

November 7, 2008

Dear Parents,

Did you know you can give a gift that helps further your child's education – and reduces your State tax bill at the same time?

Arizona law allows taxpayers to receive a tax credit of up to \$200 for individual filers and up to \$400 for married filers. Providing our school receives your contribution before December 31, 2008, you can claim this tax credit when filing your 2008 Arizona State Income Tax return.

In addition to lowering the amount of taxes you pay to the State, imagine what your contribution means for your child's education...

- Enrichment opportunities such as fieldtrips and athletic programs
- Supplemental academic support such as tutoring and on-line curriculum
- Enhanced resources such as PE equipment, computers, and library books.

Making a difference has never been so easy! Questions... contact your tax advisor or call the school.

Take advantage of this unique opportunity. Make a contribution that helps you and your child. Return the attached form, along with your check today!

Cordially,

Linda Horner
Principal
